2. Sri H Venkateswara Rao, a political sufferer has applied for the assignment of land measuring 2.04 acres in S.No. 661 of Sirugappa town. The S.No. measures 45.35 acres and is classified as Village Site portion abandoned. The applicant has requested that permission may be accorded to assign the site to the political sufferer after transferring it to ayan.

3. The collector has stated that he inspected the site in question in September last and found that it is not required for house-building purposes as it is an abandoned V.S. portion. He has also reported that the land is irrigable under the Bagavdi channel No-1. and that it is fit for cultivation. The Board supports the collector's proposal and recommends that the land in question may be granted to the political sufferer as a wet land.

4. It is submitted that in June last. the Collector of Coimbatore and the Board of Revenue recommended to Govt, the transfer to assessed waste and assignment of about 7 acres of village site in Thondamuthur village in Pollachi taluk. In that the Govt held the view that G.O. 1523 Rev. dt/ 11.64

G1.956F/50

did not contain any instructions as regards the disposal of village sites as that G.O. relates only to agricultural waste lands at the disposal of the Govt. It was also held that conversion of village sites into assessed waste with a view to eventual grant of such lands is not contemplated as acquisition of agricultural lands for house sites discouraged.

5. However, in another case in which the collector of Coimbatore and the Board of Revenue recommended the transfer to assessed waste and essential assignment of 10 acres of kattam poramboke in Senjivadi village, in Ollachi taluk, it has been decided that as a matter of general policy it is objectionable grant village kattam poramboke for assignment to political sufferers for agricultural purposes, and that individual cases should be considered on their merits. The Govt accepted in that case, as a special one, the recommendation of the Board of Revenue that 10 acres may be transferred from kattam to assessed waste for assignment to the political sufferer. In the circumstances, it is for orders, whether in view of the fact that the collector has reported that the land is not required for house-building purposes and is an abandoned village site portion, the recommendation of the Board to transfer the land to ayan and assign the same to the political sufferer as a wet land will be accepted.

May be accepted
